This is almost  
as cool as being able  
to lick myself

It's Garfield's first time in a video game. And he went and got himself trapped in a world of late-night B movies like *The Curse of Cleofatra*, *Count Slobula* and *Catsablanca*. Without you, he's stuck there. As you romp through each scene you'll find plenty of new weapons, bad guys, and eye-popping graphics drawn by Garfield's animator, Jim Davis. You'll jump, scratch, and weasel your way out of some potentially nasty situations. And if you're good enough to get Garfield back to reality, he might just teach you how to do that bathing with the tongue thing.

## FRED, BARNEY HIT THE QUIZ SHOWS!

Certain that they can outdo any pair of contestants set against them, Fred Flintstone and Barney Rubble face TV cameras and the world's craziest stunts in Bedrock's favorite program, "The Best Friends Show."

The results, on display right now in *Flintstones* #6, are startling and hilarious. "I thought he was my best friend," Fred is quoted as saying.

"I thought HE was MY best friend," Barney countered. This is the same issue that features "Buffaloes On Parade," where Fred leads his fellow Water Buffaloes on a blockbuster convention trip that should end all convention trips. This issue is a firecracker that sizzles and doesn't go out!

### YOGI AND MAGILLA SWITCH HOMES!

In an unprecedented, history-making event, Yogi Bear ends up in Mr. Peebles Pet Shop and Magilla Gorilla takes up residence in Jellystone Park!

This fun-tastic story is part of *HANNA-BARBERA ALL STARS* #3, in stores today, and may be the first time these two ever appeared together.

"Wow!" exclaims Mr. Peebles while reading the lead story in the *Daily Blatz*, "I can trade any unwanted pet for a wild animal."

"You're thinking of getting rid of the cats?" asks the innocent Magilla. Oh, yeah, sure, pal. And Magilla and Yogi are off on the adventure of their life!

Also part of this extraordinary issue is Quick Draw McGraw (and Baba Looyoey) becoming part of the Witness Relocation Program and Fred Flintstone taking to the hazards of downhill skiing as he is mistaken for world famous champion skier Jean-Claude Chilly. A mere super all-star of an ALL STAR issue!

## SCOOBY-DOO IN "MIRRORED STORIES"

SCOOBY-DOO #5, on sale as we write, takes an extraordinary leap in story-telling that will be the talk of the comic shops.

"The Grey One," the title of this saga, introduces us to one of the weirdest and wackiest super villains you'll have occasion to meet. Luring Scooby, Shaggy and the other teenage sleuths into his ominous castle, Grey One begins to work his awesome mischief.

This two-part story, complete in one issue, presents the goings on from the villain's point of view, then turns the tables and continues the tale from the view of the gang from the Mystery Machine.

These mirrored stories are scary, suspenseful, stunning and so, so, so funny! Don't you dare miss it!

## EARTH'S SAFETY IS UP TO GEORGE

(Then we are in trouble!)

Professor Snit's greatest invention, the artificial winter environment, has gone awry! (maybe even a white bread!)

Instead of giving the planet its first fun winter experience in eons, the professor has created an endless snowstorm.

Havoc has spread to every part of Earth and only George Jetson, the universe's leading authority on armature sprockets, can save the day.

The full suspenseful and side-splitting details are in JETSONS #6, at newsstands and comic stores now. This sensational issue also features the Jetsons facing a revolt of their electric appliances -- for real!-- and Daddy George following Judy on her big date only to end up lost in the galaxy.

## Sneak Previews!

Big, big news next month! In honor of the Flintstones 35th anniversary, FLINTSTONES #7 will feature the very first Flintstone story that ever appeared. Adapted from that first telecast and drawn in the off-beat, crude style in which the show was done, this one is a collector's gem. Even the cover is drawn in the style of that ancient time! Better order it now ... it'll be gone in a minute ... HANNA-BARBERA PRESENTS #3 stars Yogi Bear in four dynamite stories including Ranger Smith's delicious debunking of the Yogi legend. Stepping right out of the comic book's pages, the Ranger reveals the honest-to-goodness reality of Yogi Bear, hardly the one that the reader has seen so many times before. "The Bear Truth" makes this one a keeper. Also featured is "Basket Cases," where Yogi becomes a member of Picnic Baskets Anonymous! The Scooby gang runs amok in the American Northwest as trees come to life, giant robots control the woods and Scrappy becomes the superhero Raccoonman! And that's just the start of SCOOBY-DOO #6. And George Jetson shrinks to the size of Elroy in "The Incredible Shrinking George Jetson" in JETSONS #7. His biggest problem is that he can't stop shrinking! What a month to look forward to!
